

The diagram shows three concentric oval shapes. The innermost is a solid blue line, the middle is a dashed pink line, and the outermost is a solid blue line. Three arrows point from the text blocks to these lines respectively.

The inner line marks the central printing area of the mousepad. Text and logos should fall within this line. (printing surface: -10mm; 225 x 165mm).

The dotted line marks the shape and size of the printed mousepad. (245 x 185 mm).

The outer line marks the cut-off point of your artwork file. We recommend though that the colours of your artwork reach this line. (Bleed: +5mm; Final format: 255 x 195 mm).
